### Broadband Terms & Conditions

<sup>1</sup> No surprise bills! - Even if you go over your monthly allowance, the most you will pay in excess fees is \$30.00 for the month (10c/MB after 100MB). Your speed will be shaped to 64k/64k once you have reached the \$30.00 excess cap.

<sup>2</sup> All other plans enjoy speed shaping - the choice is yours! - The monthly allowance specified in the table simply tells you how much you can download at your chosen speed (256k, 512k, 1.5Mb or 8Mb). Remember the Westnet Neighbourhood traffic feature (Premium accounts only) and all uploads are free for all accounts and are not subject to speed shaping. Don't want to be shaped? You can simply opt to pay \$6/GB of data should you wish to download at full speed at all times. You can select your preferred option during the signup process. Once you become a Westnet member, you can view and/or change your option at any time at <http://myaccount.westnet.com.au>.
